Multi Sealer MS 500

The new hand-held tube sealers, MS 500 M (mains) and MS 500 B (battery operated) are specially designed for use during blood donation or for the production of blood components.

The hand-held sealer features a specialised mechanical system that compensates for differences in user handling in order to ensure secure and consistent sealing.

Product features

- Simple segment separation
- Indicator light and audible signal after sealing
- Easy electrode replacement
- Easy to clean
- Replaceable battery (MS 500 B)
- Robust RF hand-held sealer
- Solid case
